

# DOUBLE YOUR MONEY...

by Jerome Fourre #120

I recently purchased a hoard of Double Your Money (DYM) notes. Toby Grimminck and Bill Symes had given me their research at the ONA in Woodstock last year. The hoard that I purchased added 35 notes to my personal collection and about 15 to the research of Toby and Bill.

I finally took the time to make a list of all the known notes and sent it out to several collectors that have email. I got 2 new notes from 3 different collectors. 2 of them had the same one and the other had a variety of one that was already known.

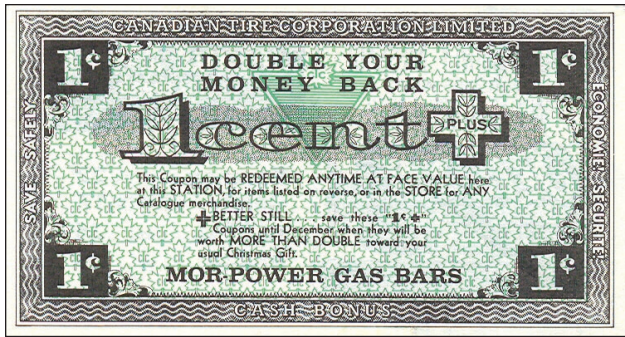

All of the notes that I got with the hoard were of the DYM 300 series (the green redemption voucher). As you can see

some have 2 products listed along with the main promotional item and some have up to 6 products.

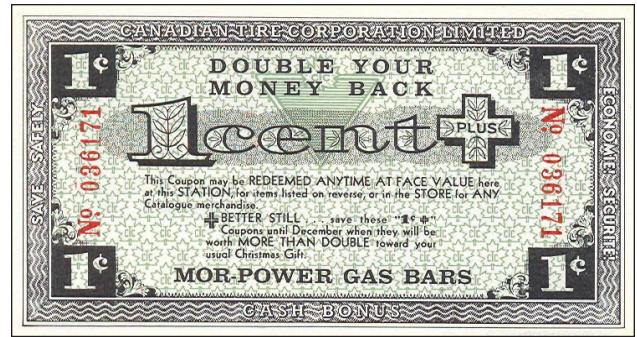

At one point in time the mention "Plus provincial sales tax" was added. It is known that the Ontario provincial sales tax was introduced, I believe in September of 1961, so it gives us a good reference as to when they were issued. The color of the back changes as listed also.

I have listed them all below and given them a tentative catalogue number. Would you please check the list against your notes to see if you have any others. Comments and inquiries can be sent to Jerome Fourre, 1120 Place Charron, Blainville, Quebec, J7C 2T2 or by email : jayfour@videotron.ca
