The "Shattered T" on the CTC S17-C series.

This proves that there are still varieties to be found on older coupons.

The "T" in Pasternak seems to be shattered. It took me a year to find these three and prove that they are not an error but a constant variety.

The serial numbers found so far are:

CTC S17-C 0027898138
 0027898496
 0027898896

As mentioned before, I usually like to wait until I have found 3 of the same type of variety before calling it a variety, so I need your help. If you have any in that range check to see if they have the "SHATTERED T".

Please get in touch with me to let me know either way. Ron Wilkie, 5840 Cobble Hills Road, St. Marys, Ontario, N4X 1C7, Phone 519-461-1424
