

DISCOVERIES / EFOs

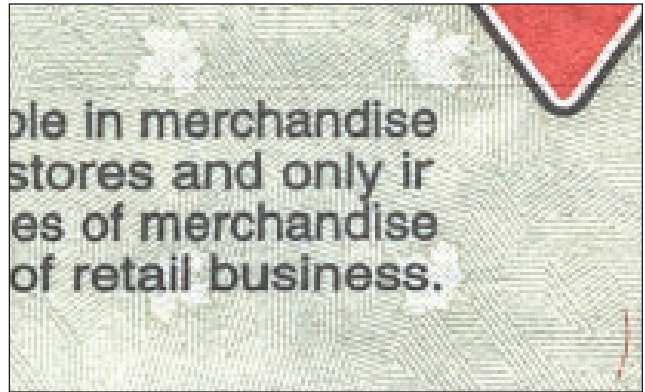

Dave Renaud #693 sent in the following note. The serial numbers are mismatched. This is from the CTC S20-Fa1 series. This has first been reported by Bill Cuff in an earlier newsletter

Ron Wilkie has found a new type of variety in the CTC S20B series. See attached photo. The serial number of the coupon that he sent me is # 0014134286.

Notice the word "in" at the end of the second line of text looks like "ir". The n has been cut off and resembles an r.

Several of these have been found. If you find one please jot down the serial number and send it to me. Lucien Levesque, 13285, rue de la Bourgogne, Mirabel, Québec, J7J 1P9 E-mail: llev@videotron.ca

This coupon was sent to me by Joe Uyenaka # 151. It will be in the next "Mail / floor" auction.

by Lucien Levesque #479

The S27-Ca2 replacements with 2004 date have been released. The regular range where they were first found was in the S27-C3 / 2005 series at 0272977724. The replacements begin with the Ser # 9000377002 and higher with the 2004 date. We also found 9000377003. These 2 replacements were from replacement sheets, so there are at least 150 in circulation as of September 2nd 2005. Lou Fontaine reported finding some from the same sheets about 2 weeks later
