by Don Robb #003

This coupon is described to some degree on page A-20 of the Sixth edition - Volume 2 of the Bilodeau Guide. It is believed to be a "Replacement" coupon. It is also described as "Rare", with "less than 10" believed to exist. It would be nice to know how many of our members own one of these

coupons. If you are a lucky owner, please let me hear from you. The number of known coupons in the collections of our members will be reported in a future edition of "The Collector". Don Robb, Box 22062, Westmount P.O., Waterloo, Ontario, N2L 6J7, e-mail: dr@rogers.com
