

# CTC "STRETCHED" SERIAL NUMBER COUPONS

by Don Robb #003

A couple of years ago I finally recognized that the Stretched Serial Number Coupons of CTC S9 and CTC S13 belonged in my regular CTC Coupon collection. For years I kept them separate. With this article I want to provide some detail.

The Bilodeau Guide 6th Edition Volume 1 includes a reference to the stretched coupons and Lou Fontaine's Hi/Lo list has all these listed with bracketing notes.

In the CTC S9 Series there are Regular and Stretched serial number coupons in all denominations but not for all prefixes. For example, no Stretched Serial Numbers exist for 5¢ "AX", 10¢ "BW", 50¢ "DY" and \$1.00 "EY".

In the CTC S13 Series there are Regular and Stretched coupons for all five Denominations and all Prefixes.

Shown below is a list of all stretched serial number coupons that are known in the S9 and S13 Series. All are in my collection except for the coupons with \*\* beside them. These notes can represent an interesting challenge for a CTCCC collector to assemble. Some of the ranges have single notes dispersed amongst regular notes as if they were used as Same Number Replacements.

Please let me know about any other stretched coupons in the S9 or S13 series that may be out there. Thank you in advance. 519/888-9655 or drr@rogers.com
