Helping me find the varieties!

The Twins - There are two white spots on the back of the S20-C – one about 1/3 up on the left dark border and the other just above the second-from-the-bottom back-ground maple leaf (about .5 cm to right of first white dot). **Grids A9 and B9** (wasn't that easier!).

Still going through my "stash" but so far have found them in serial numbers
