

OFFSET ERRORS DISCOVERED IN THE S29-B...

by Louis Fontaine #109

New offset errors has been found in the 5¢ S29-B07. The serial number ranges where this occurred is in range 0279750851-60 (See fig 1) where the offset is only partial and to the left of the coupon. In serial number range 0279754851-60 (See fig 2 & 3) the offset is much more pronounced and is at the top of the coupon. Notes #852 and #853 are the most

dramatic. Note #854 appears normal and #855 to #860 as the serial numbers increase the offset gradually fades out. There may be more of these in ranges 751,851 to 753, 851 or higher if the entire sheet was affected.

It is a good idea to bracket these major errors and replacements as they are discovered as they may be of historical interest later on and possible material for articles.

Any collectors who find these in new bundles please contact me to confirm. Inquiries may be directed to my email at lfontaine@shaw.ca or phone (306) 382-7216.

A NEW VARIETY-CTC S27-E06 - 50¢

by Thayer Bouck #284

I discovered this variety following the publication of the October 2007 "Collector" but prior to the Ottawa October 20th meeting, where I discussed it with the members present as well as the Torex meeting of October 27th. I originally found 6 of this variety but now I have found a total of 20. I found a single coupon 3013451957 which is the lowest serial number but it is quite different from the others. The low begins at 3024751382 with a high of 302475173. This gives a range of 349 coupons. My low without this variety is 3024751003 and my high without is 3024751841 which would tentatively give an extended range of 776 coupons. Within the range of 349 I have found only 1 coupon 3024751639 which does not

have the variety. The first few coupons at the low end are as in figure 1 and the remainder as in figure 2.

The strange quirk, for me, of this variety is that all were found at one store and when I checked all used coupons of this denomination and this series at other stores in the same city, there were no coupons in this serial number 302475xxx range. I would have thought that some would be turned in at these stores on purchases.

If you find any, please let me know the serial numbers within the ranges that have the variety or not. contact me by phone, 905-892-3335, or at 11 Damude Drive, Fonthill Ontario L0S 1E0 or by e-mail : mgiammarco@sympatico.ca
