

REGISTER OF SURVIVING CTC 2-A1 - "A No." 1¢ GAS BAR COUPONS

by Don Roebuck #848

CTC 2-A1

There are a lot more of these coupons in the hands of collectors than was generally believed.

The coupons were graded by their owners, but one collector, who has seven of these coupons, would only say that his coupons are in "circulated" condition. (By agreement with the owners, I have not identified them.)

A note register is always a work in progress. If you are the owner of A No. 41557 or A No. 42245, or of any A No. coupons that are not in the register, please contact me at 110 Dewbourne Ave., Toronto, Ont., M6C 1Y7 or (416) 783-6416.

CTC S19-Ga STUDY UPDATE

by Jerome Fourre #120

Following the article printed in the October 2007 newsletter and your great response there is now a total of 48 known CTC S19-Ga coupons.

By examining the known notes it is clear that 1 sheet of 50 notes was put into circulation. This sheet was sheet #001. The serial numbers range from 1750000001 increasing by 1000 to 1750049001.

There were also 500 notes in the 1750013500 to 1750013999 range that were issued and 500 more from 1750049500 to 1750049999.

This means that a total of 1,050 notes were issued for collectors to find. Not all the notes would have survived, but there is a good chance of still finding one in circulation if you have access to quantities of coupons.

Should you happen to have a CTC S19-Ga that is out of these ranges, I would be extremely grateful if you would contact me. Jerome Fourre 1120 Place Charron, Blainville, Quebec, J7C 2T2 Phone 450-419-7914 or by e-mail jayfourre@videotron.ca
