

A STUDY IN THE PRINTING SEQUENCE OF PREFIXES USED  
IN THE SECOND REGULAR STORE ISSUE

By : Louis Fontaine  
CM-0109

FOURTH RUN

The next values to run low were again the 10 cent and 5 cent values. In this run the prefix SN was assigned to the 10 cent and TN to the 5 cent value. (Fig 4) The stores must have been issuing and running out of these values quickly.

3 cents	AN	--	*JN	--	--
5 cents	BN	HN	KN	QN	TN
10 cents	CN	GN	LN	PN	SN
25 cents	DN	--	MN	RN	--
50 cents	EN	--	NN	--	--
\$1 dollar	FN	--	ON	--	--

FIFTH RUN

The next values required were the 10, 25 and the 3 cents. The prefix UN was assigned to the 10 cent, WN to the 25 cent and XN to the 3 cent value. (Fig 5) The prefix VN was not used.

3 cents	AN	--	*JN	--	--	^XN
5 cents	BN	HN	KN	QN	TN	--
10 cents	CN	GN	LN	PN	SN	UN
25 cents	DN	--	MN	RN	--	#WN
50 cents	EN	--	NN	--	--	--
\$1 dollar	FN	--	ON	--	--	--

^ Second prefix used for this value.

# Third prefix used for this value.

SIXTH RUN

The last requirement in this series was another printing of the 10 cent and 50 cent values. The prefix YN was assigned to the 10 cent value and ZN to the 50 cent value. (Fig 6)

This completes the order in which the first prefix group was run by the Canadian bank note company. The prefixes AN to ZN were all used except IN and VN. Prefixes JN to ON were used on the olympic issue.

	Init ptg	2nd	Oly	3rd	4th	5th	6th	Reprint
3 cents	AN	--	*JN	--	--	XN	--	"XN
5 cents	BN	HN	*KN	QN	TN	--	--	
10 cents	CN	GN	*LN	PN	SN	UN	YN	
25 cents	DN	--	*MN	RN	--	WN	--	
50 cents	EN	--	*NN	--	--	--	-ZN	
\$ dollar	FN	--	*ON	--	--	--	--	

- Second prefix used for this value.

" Possibly Reprinted in 1990 with small size red serial numbers but likely not distributed until 1991.
