

HAIR CURL VARIETY

by Jerome Fourre

The Hair Curl variety occurred during the printing of the black ink on the front of these S4 5¢ series of coupons, and was due to a scratch on the printing plate. They seem to have appeared at the end of the TN series and went unnoticed until the middle of the AM series. They are not that difficult to find if you have access to old style coupons.

During my research I have found that they are concentrated in definite ranges. So far there have been 19 ranges identified. Almost all of them are in the AM series except one range in the TN series. The TN series "Curl" is by far the hardest one to find. I have found none so far, but I have seen at least four that belong to other collectors. The ranges are:

AM 019nnnn	AM 044nnnn	AM 069nnnn	AM 094nnnn
AM 119nnnn	AM 144nnnn	AM 169nnnn	AM 194nnnn
AM 219nnnn	AM 245nnnn	AM 270nnnn	AM 283nnnn
AM 330nnnn	AM 355nnnn	AM 380nnnn	
AM 405nnnn	AM 422nnnn	AM 433nnnn	
TN 995nnnn			

I would like to thank all of you that cooperated with me on this project. I hesitate to mention any names because you were so numerous, that I would not want to forget anyone, *Thanks Again* (you know who you are).

If anyone else can expand on this list, it would be appreciated. Get in touch with me, Jerome Fourre, P.O. Box 74, New Glasgow, Quebec J0R 1J0 or at 514-432-5040.
