

SURVEY RESULTS, CTCCC COLLECTORS' PREFERENCES

by Ghislaine Thérour-Memme #015

Further to the survey you received in the October 2011 newsletter, here is an overview of the results of your preferences with regards to your Canadian Tire collection.

This following chart represents a 55% response rate from our membership. Thank you to those who answered this survey.

MEMBERSHIP REPORT

by Ghislaine Thérour-Memme #015

Hello everyone,

I wish to thank all those who have sent me the renewal of their Club membership. Those who have not done so yet have probably forgotten it or were on holidays. Remember that, in order to continue to receive the newsletters, innovations and discoveries on Canadian Tire products, to participate in the auctions and be briefed on the meetings that bring together members of the Club, your membership must be active for the current year.

Some of our Club members have passed away including our oldest member, Sir Robert Hunter who died at the age of 109. We wish to offer our most sincere condolences to all their families and friends.

Keep in mind that a Collectors' Club is a group of people and that these people are the strength of the Club. To ensure this strength, participation of the members is necessary.
Regards,

Ghislaine

A Hearty welcome to all our new members!
