

## CTC S9-C-BX NORMAL VS. STRETCHED COUPONS

by Lucien Levesque #479

CTC S9-C 10¢ normal and stretched BX coupons in the Bilodeau Guide are a bit confusing and I will attempt here to clarify them for you. The lowest known CTC S9-C-BX is BX0005207. The highest known is BX9999924 which would mean that if we subtract the lowest from the highest we should have a total of 9994717 of these coupons. The Bilodeau Guide states that there are only 9715000 of the CTC S9-C-BX coupons spread over two different ranges plus it also states that there are 280000 CTC S9-C1-BX stretched coupons in a range from BX5005612 to BX9699931. These quantities used in the Bilodeau Guide were rounded off to the nearest thousand.

Several members have approached me with CTC S9-C 10¢ coupons that they indicate should be stretched

but are not stretched. The only way to explain this is by looking at Louis Fontaine's Master High/Low list which is on the club website. If you do not have internet access get in touch with me and if you are willing to pay for the copies (about \$10.00 with postage) I can get a copy sent to you. It contains 128 pages and is the most valuable tool next to the Bilodeau Guide that you will ever have.

These "stretched" coupons are spread out in seven documented ranges and one possible range (BX8708nnn).

Please study the chart below and if you have any notes that do not fit, please contact me and I will make sure that the master list is updated. Lucien Levesque, 131 - 54e Avenue Est, app. # 103, Blainville, Québec, J7C 0H4 email: llev@videotron.ca

Cat #	Description	Prefix	Lowest	Highest	Quantity
CTC S9-C	10 cent red	BX	0005207	5004772	4999565

## THE ALL NEW CTC S32 SERIES

by Jerome Fourre #120

The all new CTC S32 series is here. Dean McCann finally managed to get his signature on the coupons. The first issued is the CTC S32-C12 - 10¢ note shown here. The highest known CTC S31-C12 - 10¢ note is 0400793999 and the lowest known CTC S32-C12 is 0400985500. The likely changeover should be

somewhere near 0400900000. Our Hi-Low team will probably be able to help us, in the next newsletter, with better numbers. Watch closely because the 5¢ coupons should be next. Scans and serial number are compliments of Marc-Andre Lemire #885 (scan) and Bill Cuff #337(number).
