

## FAULTY FIVES

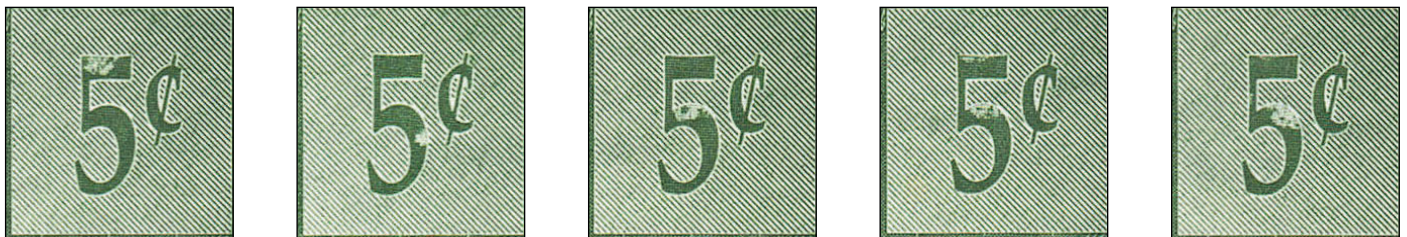

by Jerome Fourre #120

While going through some CTC S31-B11 5¢ notes I found the following varieties. It is on both the top left and top right corner denominations. Some of these notes have the variety on both corner denominations. Below I have shown five of each of the right and left denominations.

All of the top left denominations have the variety in the center, whereas the top right denominations have the variety at the top of the five also or both. These were in a range from 0456980000 to 0456980999. There should also be some in the 0456930nnn or 0457030nnn ranges.

Top left corner denominations.

Top left corner denominations.
