

PLATE SCRATCH

by Jerome Fourre #120

The other day I was going through some CTC S31-B11 5¢ notes when I found the following plate scratch. It is on the top left corner denomination.

I also noticed several of these notes have different parts of the diagonal lines partially missing in the same box.

Below I have shown two with the partially missing lines and one without. All of them have the plate scratch and I have marked the serial numbers found below.
